Git Branch Diagram

Line 8

C1 — C2 — C3 — C4 → master

C1 — C2 — C3 — C5 → sonam_branch

Line 8

merge

ek branch se
dusre branch me uchalne ke lie
git checkout <branchname>

C1 — C2 — C3 — C4 → rakhi_branch

Happy Diwali — Lucas & Friends

Jab bhi conflict aata hai toh merge process pause ho jata hai.... aur git apne ko bolta hai ki khud se fix karke merge complete karo....

Git conflit aaya?

git status - ki kaun kaun se file me conflicts hai..

GIT MARKER - conflict resolve - accept current change, accept incoming change, accept both changes

git add <file_name>

git commit -m "fixed conflicts"

Merging process complete
